

Liven Up Your Makeup with LED Light Handheld Mirror

Are you a makeup junkie who always wants her makeup on fleek? [LED light handheld mirror](#) is your best pick when you are on the go and have to do your makeup quickly. Equipped with 12 stunning lights and a comfy handle, it livens up your glam game making you the diva of details.

Easily Fits in Your Purse

The LED light handheld mirror is compact enough to fit into your purse and weighs no more than a loaf of bread. It's lightweight and small, making it a perfect option to carry with you wherever you go.

No More Unblended Makeup

This portable mirror is equipped with 12 LED lights that turn on with a touch of a button. It lights up so you can see the tiny details on your face and make sure there are no unblended color streaks or uneven eyeliner.

Cordless and Easy to Use

This lighted vanity mirror is cordless, so you don't have to drag an extension wire across your bedroom to use it. Insert a couple of 4 AAA batteries into the battery compartment, place the mirror on your desk and get ready for an empowered beauty routine.

Conclusion

The LED light handheld mirror is portable and travel-friendly. The lighting is bright and gentle to the eyes so that you can see all sides of your face. It fits in your purse and comes in handy when you are scrambling to get to work or have to catch a midday flight.
